### *The University Coat of Arms*

---

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colors of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

On the crest is a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University support the shield. Both wear collars of the University colors, as does the owl. At the base of the coat of arms is a grassy mound with wild roses, the floral emblem of Alberta with the University's motto: *Quaecumque vera* (“Whatsoever things are true”).

*Please Note:* The Jubilee Auditorium is a “smoke-free” facility.

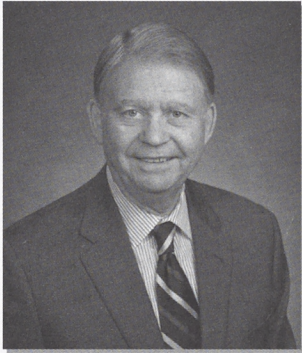

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information presented is current as of the program printing deadline.

Photographs may be taken during the ceremony, but we ask that photographers do not approach the stage area and ensure that aisles and stairways are kept clear.

# Greetings to the Graduates

---

Welcome to your convocation!

Convocation is an ancient academic tradition and today we gather to celebrate one of life's great milestones. Your education and graduation are a very important part of our community's hopes for the future.

Your achievement here at the University of Alberta will be a foundation for your success in future endeavours. Your graduation today continues your lifelong quest for learning and truth.

Congratulations and very best wishes for this day and always.

*Ralph B. Young*  
*Chancellor*

Congratulations to the University of Alberta's class of 2014! Today, on this very special occasion, you join a very special group of more than 275,000 proud alumni worldwide.

The U of A takes pride in your achievements – achievements through considerable investments of time and effort—your degree is a recognition of your accomplishments and the successful outcome of years of study, intellectual growth and personal discovery.

Wherever the next step of your journey may take you, your connection to your alma mater will endure. Throughout your life, remember and be guided by the values we hold dear to this institution. When our first president, Henry Marshall Tory, founded this university, he upheld two ideals: first, that the modern university should be for the “uplifting of the whole people,” and second, that we should pursue whatsoever things are true: quaecumque vera. With these two ideals as your beacon, I urge you to follow the lead of thousands of U of A alumni, and with truth and integrity, use your gifts to uplift, build and serve society.

*Indira V. Samarasekera, O.C.*  
*President and Vice-Chancellor*

On behalf of the Government of Alberta, I am pleased to congratulate the 2014 graduating class of the University of Alberta.

Today marks an important milestone in your life, and you deserve to celebrate your achievements and success in the company of treasured family, good friends, and talented peers. Graduates from the University of Alberta are amongst the most creative, innovative, and successful trailblazers in Alberta, Canada, and beyond.

As our province's leaders of tomorrow, you have endless opportunity to use your skills, knowledge, and experience to make a lasting mark in your profession and a positive difference in your community and the world at large.

Alberta continues to be one of the best places to live, work, and raise a family, thanks to engaged and motivated graduates like you.

Congratulations on your on vocation and all the best in the future.

## The University Ceremonial Chairs

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In 2006, a fourth chair was donated in memory and honor of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

University Ceremonial Chairs

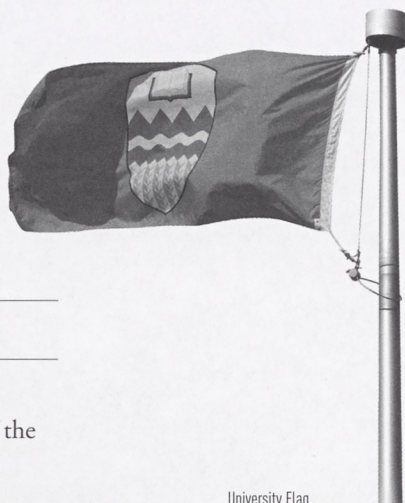

## The University Mace

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr. Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 – 1970. It was presented by his son, Michael Galbraith, on behalf of his father on 26 May 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors 1950 – 1966.

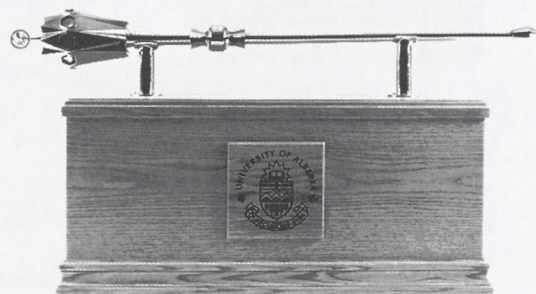

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power—but the power of knowledge and the importance of the University in the community.

### *The University of Alberta Cheer Song*

*Ring out a cheer for our Alberta  
A song of praise to Varsity.  
For the splendour of our mountains  
Our prairies green and gold.  
Ranked beneath whose glowing  
colours,  
Thy legions march enrolled.  
Our memories will live forever  
Beloved University.  
We will fight for thee and cheer  
And ever hold thine honour dear.  
Our Alma Mater U of A  
Green and gold! Quaecumque vera!  
Guide us through each coming era,  
Guide us on through battle gory  
To a new and greater glory.*

# Convocation

---

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval magna congregatio of all Faculties. It is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods and caps declare, in their various designs and colors, the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the universitas magistrorum, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. The words "I admit you" and the placing

of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the universitas magistrorum. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

Academic dress at the University of Alberta generally follows the tradition of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See Academic Dress on page 87 for a detailed description of ceremonial colors.

## Conferring of Degrees

---

### THE PRESENTATION

The Senior Dean presents the candidates for degrees with these words:

*"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."*

### THE PLEDGE

The President then addresses the candidates in these words:

*"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"*

Each candidate replies:

*"These things I pledge myself to do."*

### THE ADMISSION

The Chancellor then addresses the candidates in these words:

*"By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true."*

The graduates remain in their places.

## **Roger Milbrandt**

Roger Milbrandt, Associate Professor of English at Augustana Faculty, University of Alberta, first arrived at the College when it was known as Camrose Lutheran College in 1973. Born in St. Boniface, Manitoba in 1946, Roger received his Bachelor of Arts (Hons) degree from the University of Saskatchewan in 1969 and a Master of Arts degree from the University of Manitoba in 1970. During his early years at Camrose Lutheran College, he continued his graduate studies, culminating in a PhD from Syracuse University in 1989. His primary area of research has been on the life and writings of nineteenth-century English novelist George Gissing, resulting in a variety of articles and conference presentations.

A strong proponent of Augustana's commitment to international student programs, he founded the 'Augustana-in-Cuba' program in 1997, leading the first cohort of 12 students to Havana on a four-month term in 1998. Subsequently offered in alternating years, the term in Cuba continues to be one of Augustana's most successful opportunities for a unique student international experience.

Roger's life and that of Augustana have long been closely intertwined - he met his current wife Carmen in Cuba, both his children are Augustana graduates, and his daughter Tara is a faculty member at Augustana. The 2013/14 academic year marked his fortieth year as an active teacher, engaged researcher, energetic colleague, and incomparable presence on the Augustana Campus.

# Honorary Degree Recipient

## CONGRATULATIONS

### Alexander Frederick McCalla

University of Alberta Distinguished Alumnus Alexander Frederick McCalla is an internationally recognized authority on world food policy, trade and economic development.

He was born and raised on a small dairy and grain farm at Bremner, Alberta. He earned Bachelor of Science (Agriculture) and Master of Arts degrees from the University of Alberta before moving on to the University of Minnesota where he received his doctorate in Agricultural Economics in 1966.

Throughout his academic career Alexander McCalla was associated with the University of California, Davis, where he served as Professor of Agricultural and Resource Economics and Professor of Management. A leading academic in agricultural policy, he has also had a transformative impact on curriculum design and graduate program development. He served as Dean of the College of Agricultural and Environmental Sciences and Associate Director of the California Agricultural Experiment Station from 1970 to 1975. He also served as Founding Dean of the Graduate School of Management at UC Davis from 1979 to 1981.

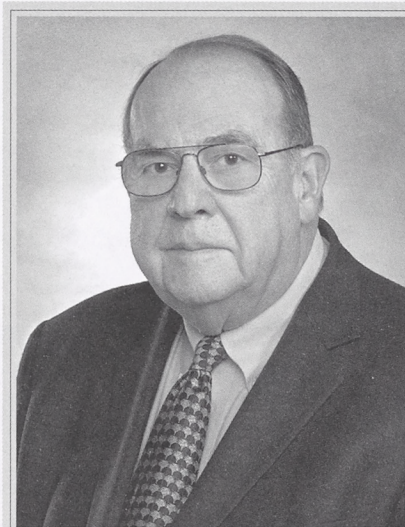

He is best known for his research in international trade where he has published extensively. He was elected Fellow of the American Agricultural Economics Association in 1988, a Fellow of the Canadian Agricultural Economics Society in 2000 and a Distinguished Scholar of the Western Agricultural Economics Association in 2004. He was a founding Chair of the International Agricultural Trade Research Consortium, one of the premier institutions for advancing the frontiers of knowledge on agricultural trade seeking to inform public policy and debate.

Dr. McCalla also served as the Chair of the Technical Advisory Committee of the Consultative Group on International Agricultural Research (CGIAR) from 1988 to 1994. CGIAR research continues to be dedicated to increasing food security, improving human nutrition and ensuring more sustainable management of natural resources.

He elected early retirement from University of California, Davis in June 1994 and was appointed Director of Agriculture and Natural Resources at the World Bank in September of that year. During his tenure he led a major effort to revitalize the World Bank's commitment to rural development. He was appointed Director of Rural Development in July 1997. Today the World Bank Group is a leading financier of agriculture – including \$8.1 billion in new commitments in 2013 – seeking to assist 75% of the world's poor who work mainly in farming.

Since retiring from the World Bank in December 1999, Dr. McCalla has returned to University of California, Davis to teach several undergraduate and graduate courses in agricultural trade and policy. He served as Chair of the Board of Trustees of CIMMYT – the International Maize and Wheat Improvement Center headquartered in Mexico – from 2001 to 2005, and he was a member of the Board of Directors of the Danforth Plant Science Center in St. Louis from 1998 to 2012.

Alex McCalla continues to be in wide demand as a consultant and speaker on world food security. The global reach of his contributions to education, public policy and agricultural development reflect an enduring commitment to reducing rural poverty.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Alexander Frederick McCalla:*

**John Laurence. *A New System of Agriculture: Being a Complete Body of Husbandry and Gardening.* London: T. Woodward, 1726.**

This is the most notable of several early reference books on agriculture penned by Rev. John Laurence. The author begins by exhorting “all philosophical gentlemen to employ a reasonable share of their thoughts and experiments on the subject of agriculture, as a more becoming exercise and relaxation than hunting or cards; and to be sure, more conducing to the health of the body, the strength of the mind,... than many other fashionable but criminal excesses.” An enthusiastic gardener and well known for growing pears, the author promises “all the best and latest” information, including “many curious observations on vegetation, on the diseases of trees, and the general annoyances to vegetables, and their probable cures.”

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Honorary Degree Recipient

## CONGRATULATIONS

### Bruce W. Hogle

Over a pioneering journalism career spanning 15,000 TV and radio editorials, 47 years, seven cities and five provinces, Bruce Hogle has consistently sought to initiate changes to benefit both his profession and his community.

As deputy editor of the Medicine Hat News, he led a safety campaign that saw Medicine Hat go five consecutive years without a fatal automobile accident. In Saskatoon, he and four colleagues built the city's first FM radio station.

In his 31 years at CFRN TV/CTV Edmonton, he hosted Canada's first public affairs TV show *Face The Newsmen* beginning in 1965. His 1967 television documentary "*What About The Victim*" set the stage for Alberta to establish Canada's first Crimes Compensation Board. As inaugural chair of Grant MacEwen Community College's Journalism Advisory Committee in the early 1970s, Mr. Hogle helped to establish the first curriculum. He produced Canada's first 30-minute teaching video on journalism and shared this resource freely with Canadian journalism schools, the National Archives of Canada, the Carleton Board of Education and smaller TV news operations.

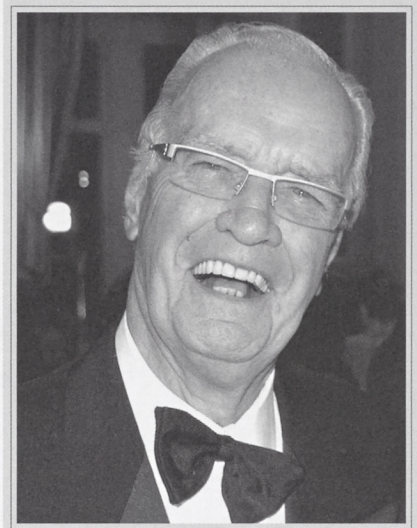

Mr. Hogle encouraged the Alberta Government to become the first in the Commonwealth to allow live coverage of legislature deliberations in 1973. During an economic boom that same decade, Alberta landlords were allowed to increase rental rates several times a year until a series of hard-nosed Hogle commentaries resulted in the implementation of rent controls. Another editorial campaign encouraged the University of Alberta Hospital to launch emergency dental services in 1975.

Mr. Hogle's editorial efforts in the 1970s also contributed to changes in Alberta adoption laws as Albertans over the age of 45 were allowed, for the first time, to adopt children. In 1976, Bruce Hogle challenged another societal barrier when he hired Daphne Kuehn as Canada's first FM radio morning news anchor. In 1978, he promoted Ms. Kuehn as the first female TV news anchor in Edmonton and western Canada, a decision that cleared a path for others to follow. In 1981 he launched "*Wednesday's Child*" – a visionary weekly feature now in its 33rd year of helping difficult to adopt children find a permanent home with adoptive families.

Encouraged by his involvement in over 30 charities and not-for-profit organizations in Edmonton, Alberta and across Canada, in 1993 Mr. Hogle also established the CFRN TV Good Neighbour Fund – a program that continues to assist Albertans in need.

For his work within the communications field and various communities, he has been named a Member of the Order of Canada and received the Alberta Order of Excellence. Celebrated as one of the 100 Edmontonians of the Century in 2004, Mr. Hogle was inducted into the City of Edmonton Community Service Hall of Fame and the Canadian Association of Broadcasters Hall of Fame. Named a Paul Harris Fellow by Rotary International, he has also received a Radio Television News Directors Association Lifetime Achievement Award.

Bruce Hogle's living legacy of community service and high journalistic standards reflects an inspiring balance of integrity, compassion and conviction.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. Bruce W. Hogle:*

**H. Horton Sheldon & Edgar Norman Grisewood. *Television: Present Methods of Picture Transmission*. New York: D. Van Nostrand Company, 1929.**

Marketed as the "first American book on television," this fascinating text was published to give the layman and investor a full perspective on the historical development of television, its appeal as a form of entertainment, and how to build a receiving set for the home. While the authors claim to have finished the book without knowing what the future of television will be, they make a solid case that it is another wonder of science with tremendous potential to "bring you the world's events as they occur." This first edition copy contains photos and diagrams throughout and it also features the exceedingly scarce dust wrapper in fine condition, making it especially desirable as a collector's copy.

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Honorary Degree Recipient

## CONGRATULATIONS

### Rebecca Scott

Canadian Olympian Beckie Scott is an inspiring success story in international cross-country ski competition and a determined advocate for high ethical standards in the world of sport.

She began skiing when she was five years old and her parents enrolled her in the local Jackrabbit League in Vermilion, Alberta. She began racing when she was seven. At age 13, with the support of her Mom, she attended her first Junior National competition at 110 Mile House in British Columbia. By the time she entered high school, she was a regular competitor at world junior competitions.

In 2001, she won Canada's first World Cup medal in ten years, a bronze in the sprint event. With the support of several teammates at the time, she created and spearheaded an athlete-driven petition focused on cleaning up the sport of cross-country skiing by proposing an independent drug-testing body for all World Cup cross-country skiing competitions. She continues to advocate within the International Ski Federation (FIS) for stricter regulations and cleaner competitions, and has served on the board of the Canadian Centre for Ethics in Sport. In 2005 she received the CBC's Spirit of Sport award at the Canadian Sports Awards.

After nearly 2 decades of competitive ski racing, Beckie Scott retired following the 2006 winter season as North America's most decorated cross-country skier. Ms. Scott was the first Canadian and the first North American woman to win an Olympic medal in cross-country skiing when she won gold at the 2002 Olympic games in Salt Lake City. Between 2003 and 2005 she added more World Cup medals in sprint, team and distance events. She followed with an Olympic Silver medal at the 2006 Olympic Winter Games in Torino and finished her career ranked second in the Overall World Cup standings.

Ms. Scott was inducted into Canada's Sports Hall of Fame in 2007, Canada's Ski Hall of Fame in 2011 and the Canadian Olympic Hall of Fame in 2012. There is a ski race, Nordic centre, street and high-performance training facility named after her. She also recently completed an eight-year term as one of only 12 international athletes elected to the International Olympic Committee's Athletes' Commission.

An outspoken proponent of drug-free, values based sport, Beckie Scott is a frequent presenter and contributor to global conferences. She is currently a member of the World Anti-Doping Agency's Executive Board and she was recently appointed Chair of the World Anti-doping Agency's Athlete Committee. She is a director and board member of the Canadian Olympic Committee and co-chairs Cross Country Canada's Women's Committee. Ms. Scott is also a Special Representative for UNICEF and an athlete ambassador for Right To Play. She currently works as a facilitator with Ski Fit North Alberta – an outreach program for Alberta's Aboriginal youth.

Committed to the success of young people and future athletes of diverse backgrounds, Beckie Scott is a compelling champion for physical and mental wellness close to home and around the globe.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms. Rebecca Scott:*

**M. Gale. *Photograph Album Chronicling the Dominion Ski Championship of the Canadian Amateur Ski Association at Banff in 1940.***

This charming album contains a range of photographs which offer a window on a historic event in competitive skiing in Canada. It begins with photos of travelers and some of the sights on their C.P.R. trip to Banff. It continues with photos of various ski competitions, of Cascade Mountain, of Norquay Lodge, of Banff, and of team members, all of which are identified in hand-written captions. Some of the most interesting photos are action shots which capture the skiers in competition and the crowds. Seven autographs are mounted inside the back cover.

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Chancellor

## PRESENTATION OF GRADUATES

*The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.*

## FACULTY OF ENGINEERING

Professor D.T. Lynch, Dean

Doctor of Philosophy

Master of Science

Master of Engineering

Bachelor of Science in Chemical Engineering

Bachelor of Science in Civil Engineering

Bachelor of Science in Mining Engineering

Bachelor of Science in Petroleum Engineering

Bachelor of Science in Materials Engineering

## CONFERRAL OF DEGREES IN ABSENTIA

Professor D. T. Lynch, Dean  
Faculty of Engineering

## CONGRATULATORY REMARKS

Dr. Indira V. Samarasekera, O.C.

## VIDEO MONTAGE

Je te retrouve - I remember you  
Music and lyrics by France Leavasseur-Ouimet

## ALUMNI ASSOCIATION INDUCTION

Mr. Glenn Stowkowy,  
President, Alumni Council

## CONCLUDING REMARKS

Mr. Ralph B. Young

## RECESSION

*Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.*

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Commemorative Videos of your Convocation Ceremony are available for purchase on DVD; please go to [www.registrar.ualberta.ca/memorabilia](http://www.registrar.ualberta.ca/memorabilia).

# Honorary Degree Recipient

## CONGRATULATIONS

### Dave William Lede

Dave Lede's core values of connecting family, community, citizenship, and an entrepreneurial spirit are ingrained in a valued corporate legacy and culture.

Mr. Lede has been Chairman and CEO of the Leduc Group of Companies since 1985. Previously, he was appointed President and General Manager in 1980. He held many positions while rising through the ranks of his family-founded company, including labourer, equipment operator, and foreman during his years at high school, and superintendent while attending the University of Alberta. After graduation, he was an operations manager and chief estimator.

Early in his executive role Mr. Lede instituted Leduc's safety hallmark "Think Safety, Work Safely," creating a game-changing and industry-leading safety culture that has won numerous national and international safety awards.

During his tenure, he has continued to broaden Leduc's business base and expand its operations, making Leduc one of the largest and most diversified construction and industrial operating companies in Canada, and now North America. In the last decade, Leduc has expanded into multiple construction and operating divisions: roads and highways, mining, pipelines, industrial construction, infrastructure, building construction, telecommunications, aviation, forestry and marine transportation. The company was a founding member of the Canada Green Building Council and an early member of the US Green Building Council.

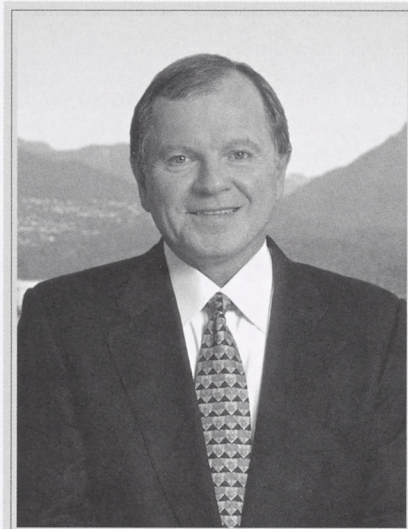

Leduc's recent achievements include constructing British Columbia's \$800M South Fraser Perimeter Road, building the company's 400th Costco store, and erecting some of the tallest buildings in Western Canada - Edmonton (EPCOR Tower), Calgary (The Bow) and Vancouver (The Shaw Tower and The Shangri-La Tower). In 2013, Leduc exceeded \$3 billion in revenue and employed over 7,000 staff and sub-contractors.

Under Mr. Lede's leadership, Leduc has been named one of the Canadian Financial Post's Top 10 Companies to Work for (2011, 2012, 2013) and one of The Globe and Mail's Canada's Top Employers (2011, 2012, 2013).

Mr. Lede believes strongly in contributing to the communities where Leduc works and its employees reside. He has focused Leduc's and the Dave Lede Family Foundation's philanthropic contributions toward numerous medical care facilities and hospice programs in western Canada. These include the British Columbia Children's Hospital Emergency Department, Dave Lede Campus of Care in Abbotsford, the Leduc Clinical Training Centre at the University of Alberta Hospital, and Kids with Cancer House in Edmonton.

In 2010, BC Premier Gordon Campbell and Lieutenant Governor Steven Point recognized Dave Lede with the British Columbia Community Achievement Award for his personal contributions to pediatric care in BC and Alberta.

Earlier this year, Mr. Lede received the 2014 Canadian Business Leader Award from the University of Alberta School of Business. He was also inducted into the Business Laureates of BC Hall of Fame. He holds a Bachelor of Commerce degree from the University of Alberta, and he also undertook two years of post-graduate studies in the Faculty of Engineering.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. Dave William Lede:*

**Batty Langley. *The Builder's Director, or Bench-Mate: Being a Pocket-Treasury of the Grecian, Roman, and Gothic Orders of Architecture...* London: A. Webley, 1763.**

This scarce edition of an important builder's handbook has 184 engraved designs for building everything from arches and cornices to moldings and weatherings. Batty Langley (1696–1751) was an English landscape designer and architect who wrote numerous books about building techniques, garden plans, and architectural designs. According to the Oxford Dictionary of National Biography, Langley was determined "to improve the status of British craftsmen, and ultimately the country's architecture, by providing them with the information they needed on geometry and the classical orders—the fundamentals of architecture—in an easily understandable and affordable form. His output was prodigious, ranging from the largest architectural book of the period, *Ancient Masonry*, an unwieldy folio compendium containing over 450 plates, and issued in parts from 1733 to 1736, to the condensed *vicesimo-quarto The Workman's Golden Rule* (1750)."

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

### PRESIDENT'S ADDRESS

Dr. Indira V. Samarasekera, O.C.

### CONFERRING OF HONORARY DEGREE OF DOCTOR OF LAWS

Mr. Darren Entwistle

Presented by Dr. David Lynch

*Dean, Faculty of Engineering  
and Dr. Robert Westbury,  
Former Honorary Degree Recipient*

### CONVOCATION ADDRESS

Dr. Darren Entwistle

### SIGNING OF HONOUR ROLL

### CONFERRING OF DEGREES

Chancellor Ralph B. Young  
(Follow along on Page 5)

### THE PRESENTATION

Professor D. T. Lynch, Dean  
Faculty of Engineering

### THE PLEDGE

President

### THE ADMISSION

Chancellor

### PRESENTATION OF GRADUATES

*The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.*

### FACULTY OF ENGINEERING

Professor D.T. Lynch, Dean

Doctor of Philosophy

Master of Science

Master of Engineering

Bachelor of Science in Computer Engineering

Bachelor of Science in Electrical Engineering

Bachelor of Science in Mechanical Engineering

Bachelor of Science in Engineering Physics

### FACULTY OF PHARMACY AND PHARMACEUTICAL SCIENCES

Professor J. Kehr, Dean

Doctor of Philosophy

Master of Science

Bachelor of Science in Pharmacy

## **CONFERRAL OF DEGREES IN ABSENTIA**

Professor D. T. Lynch, Dean

*Faculty of Engineering*

## **CONGRATULATORY REMARKS**

Dr. Indira V. Samarasekera, O.C.

## **VIDEO MONTAGE**

Je te retrouve - I remember you

*Music and lyrics by France Leavasseur-Ouimet*

## **DEAN'S CENTENARY GREETINGS**

Professor J. Kehrer

*Dean, Faculty of Pharmacy and Pharmaceutical Sciences*

## **ALUMNI ASSOCIATION INDUCTION**

Mr. Tom Gooding,

*Vice-President, Volunteerism*

*Faculty of Engineering Representative, Alumni Council*

## **CONCLUDING REMARKS**

Mr. Ralph B. Young

## **RECESSION**

*Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.*

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

# Honorary Degree Recipient

## CONGRATULATIONS

### Darren Entwistle

Darren Entwistle was recently appointed Executive Chair of TELUS after serving as the company's President and CEO since 2000.

Recognized as global leaders in technology innovation, economic performance and human capital development, the TELUS team has delivered a total shareholder return of 286 per cent since 2000, outpacing their second place peer on a global basis by 110 percentage points. Enterprise value has increased by over 226 per cent, from \$10.5 billion in 2000, to more than \$34 billion today. During the same timeframe, the TELUS brand has grown in value from a few hundred million dollars to \$4.3 billion, being recognized as the number one brand in Canada for awareness and likeability.

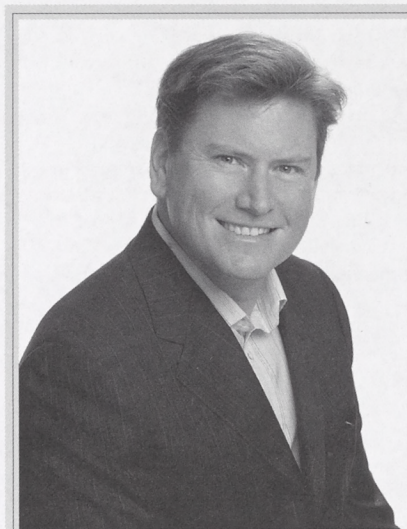

In 2013, TELUS achieved an unprecedented 83 per cent team engagement score, representing the highest engagement in the world for a company of its size and workforce mix, according to independent surveyor, Aon Hewitt. Supporting Mr. Entwistle's belief that TELUS' culture is the company's sustainable competitive advantage, TELUS is one of only six companies inducted into Canada's 10 Most Admired Corporate Cultures Hall of Fame by Waterston Human Capital, and is one of only three organizations to win the BEST Award eight times from the American Society for Training and Development.

Under Mr. Entwistle's leadership, TELUS is answering the challenges of healthcare transformation by leveraging the power of digital information to enhance the health and wellbeing of Canadians. TELUS' electronic medical records systems are now used by more than 12,500 medical professionals, making TELUS the largest provider of EMRs and remote patient care tools in Canada. TELUS has been ranked the top Canadian Healthcare Technology Company for five years by the Branham Group.

Mr. Entwistle is also dedicated to honouring TELUS' heartfelt philosophy, We give where we live and since 2000, TELUS, its team members and retirees have contributed \$350 million to charitable organizations and volunteered 5.4 million hours in communities across Canada. This includes more than \$100 million and over 1.53 million hours volunteered in Alberta alone. TELUS was chosen as an inaugural recipient of the Prime Minister's Volunteer Awards in 2012 and was the first Canadian company in history to be named the Most Outstanding Philanthropic Corporation in the world in 2010 by the Association of Fundraising Professionals.

Mr. Entwistle earned a Bachelor of Economics (Honours) degree from Concordia University, an MBA in Finance from McGill University and a diploma in Network Engineering from the University of Toronto. In 2013, he received an honorary doctorate of Laws from McGill University. Additionally, in 2012 he was presented with an honorary doctorate of Laws from Concordia University and an honorary degree in Business Administration from the Northern Alberta Institute of Technology and in 2010, he was named an Honorary Fellow of The Royal Conservatory.

Darren Entwistle received the Canadian Business Leader of the Year Award from the University of Alberta in 2011. He serves on a number of corporate boards including the Canadian Council of Chief Executives, George Weston Limited and the Canadian Board Diversity Council.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. Darren Entwistle:*

***The Story of Business. Montreal: The Ronalds Company Limited, 1940.***

This handsomely-produced book about the Canadian way of doing business was edited and compiled by the editorial staff of the Ronalds Company and deliberately released at Christmas as an "inspiring and helpful" story during wartime. A charming wood-engraved illustration appears at the beginning of each of the 20 chapters, which have catchy titles like "Are Business Men Smart?" and "Should Business Be Big or Little." This limited edition copy has decorative paper-covered boards with a corporate architecture motif, deckle edges, a custom slipcase, and a splendid frontispiece of a businessman and his employee standing side by side, admiring the sights and sounds of a bustling cityscape.

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Honorary Degree Recipient

## CONGRATULATIONS

### Helen Hays

Dr. Helen Hays is a medical pioneer who is highly regarded for her enduring compassion and advocacy for people facing chronic pain and terminal illness.

She was born in Townsend, a small hamlet in Cornwall, England. Her mother died of meningitis when she was just six years old, and her father was a general practitioner who offered his children an initiation into the life of a country doctor by taking them along on house calls.

In her youth, Dr. Hays dreamed of becoming a physician, but as the career posed considerable obstacles for women at the time she chose to begin training as a nurse. She graduated from St. George's Hospital in London in 1954 and went on to become a State Certified Midwife. In 1967, Dr. Hays and her physician husband Peter embraced the opportunity to immigrate to Canada, and in 1971 she fulfilled her dream of becoming a doctor.

She opened a family practice that covered everything from pediatrics to geriatrics and included a steadfast commitment to house calls when needed. She was deeply moved by the case of a young mother with leukemia who wanted to live as long as possible for her newborn son, and she set out to identify ways to enhance quality of life for patients facing terminal illness.

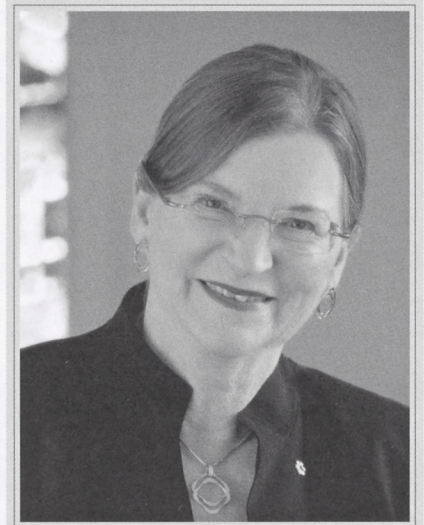

In 1982, Dr. Hays was recruited to establish the first in-patient Palliative Care Unit at the Edmonton General Hospital. In addition to creating new approaches for patients seeking to die in peace and with dignity, Dr. Hays began a series of groundbreaking forums and workshops that would take her to communities across Alberta and many points beyond. She also began mentoring fellow physicians through her appointment as an Associate Clinical Professor at the University of Alberta.

Dr. Hays joined the Edmonton Misericordia Hospital as Medical Director of the Palliative Care Team in 1988. She introduced a holistic approach to palliative care focused on creating multi-disciplinary teams of doctors, nurses, social workers, chaplains, home care workers and other specialists required to meet the unique needs of each patient. Noting that some people seeking less clinical care settings were still falling through the cracks, she co-founded Edmonton's Pilgrims Hospice Society in 1994 to deliver enhanced home care and outpatient services for terminally ill patients. Today the Pilgrims Hospice Society continues to provide supportive and compassionate family centred care.

Dr. Hays is a Member of the Order of Canada and an Officer in the Companionship of Merit of the Military and Hospitaller Order of Saint Lazarus of Jerusalem. An inspiration for generations of caregivers, she was named an Edmontonian of the Century during the 2004 centennial celebrations and is a life member of the College of Family Physicians of Canada.

Many palliative care programs today are the result of Dr. Hays' innovation, her deep understanding of the needs of her patients and her mentorship to fellow health care providers.

Helen Hays' dedication to people most in need of care and compassion reflects a remarkable commitment to honouring the human spirit.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Helen Hays:*

**William Perkins. *A Salve for a Sick Man: Or, A Treatise Containing the Nature, Differences, and Kinds of Death; as also the Right Manner of Dying Well.* Cambridge: John Legat, 1597.**

This sixteenth-century treatise reasons that there is no need to fear death if one is at peace with God. Intended as instruction for "mariners when they goe to sea" and "souldiers when they goe to battell," this booklet advises that, "whatsoever a man would doe when he is dying, the same he ought to doe every day while he is living" (18). Further, in order "that physicke may be well applied to the maintenance of health, speciall care must be had to make choice of such physicians as are knowne to be well learned, and men of experience, as also of good conscience & good religion" in order to avoid the "sundry abuses which may indanger the lives & the health of men" (30).

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Honorary Degree Recipient

## CONGRATULATIONS

### John Poon Cho-Ming

John Poon's remarkable business acumen is balanced by an enduring commitment to public service.

Mr. Poon was born in Hong Kong and came to study in Canada when he was 16. He holds a Bachelor of Arts Degree in Economics and a Bachelor of Laws Degree both from the University of Alberta. He later qualified as a Barrister and Solicitor of Alberta in 1985, a Solicitor of England & Wales in 1988 and a Solicitor of Hong Kong in 1989.

After practicing law in Edmonton for several years, Mr. Poon returned to Hong Kong and ventured into the corporate world. He was an Executive Director and Group General Counsel of the Century City Group for almost a decade and was instrumental in several sizable and highly successful capital market transactions.

He joined Esprit Holdings Limited in 1999 as Executive Director and Group Chief Financial Officer, and he was appointed Deputy Chairman of the Board of Directors in 2004. Under his leadership and management over a period of nine years, profit after tax rose over eleven-fold while the company's market capitalization expanded from approximately US\$1 billion to a high in excess of US\$20 billion. Esprit was repeatedly recognized as one of the best-managed companies and best performing stocks on the prestigious Hang Seng Index of Hong Kong.

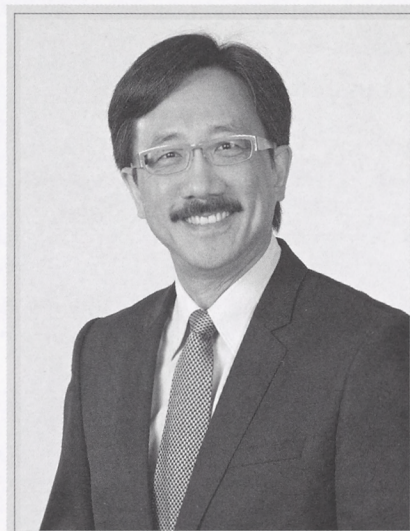

As a firm believer and committed practitioner of sound corporate governance, Mr. Poon has received a number of accolades, including "Director of the Year 2002 (Listed Company)" from the Hong Kong Institute of Directors and "Best Chief Financial Officer in Retail Sector 2005" from the Asian Investor Relations Market Report.

He is a non-executive Director of the Hong Kong Mandatory Provident Fund Schemes Authority and a member of the Chinese People's Political Consultative Conference (Shanghai Committee). Mr. Poon has served as a Council Member of the Hong Kong Institute of Certified Public Accountants, a member of the Standing Committee on Company Law Reform, a member of the Board of Review (Inland Revenue Ordinance) and a Governor of the Canadian Chamber of Commerce in Hong Kong.

He has also served as a non-executive Director of the Canadian International School of Hong Kong. In this role he successfully advocated for the introduction of the International Baccalaureate (IB) program designed to help students develop the intellectual, emotional and social skills to succeed in a rapidly globalizing world.

A recipient of the University of Alberta's Alumni Award of Excellence, Mr. Poon was also appointed Justice of the Peace in Hong Kong in 2012, one of the most distinguished civilian honours the Government of Hong Kong bestows upon its citizens. He devotes much of his time to community service and is currently Chairman of the Hong Kong Financial Reporting Council. In this role he is instrumental in guiding discussions on the broad framework for an independent audit oversight regime for Hong Kong as an international financial centre.

A highly respected mentor and strategic advisor, John Poon is an inspiring example of informed and engaged global citizenship.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. John Poon Cho-Ming:*

**Charles Gutzlaff. *A Sketch of Chinese History, Ancient and Modern: Comprising a Retrospect of the Foreign Intercourse and Trade with China.* 2 vols. London: Smith, Elder and Co., 1834.**

In this two-volume study of China and its inhabitants, the author describes in great detail the history, customs, topography, government, and economic interests of the Chinese empire. China's ancient and modern history is arranged by the author into four eras: the Mythological (duration uncertain), ancient history (2207 BCE to 263 CE), Middle Ages (264 CE to 1367 CE); and modern history (1368 CE to 1833 CE). This first edition set is bound in the original brown publisher's cloth with gilt titles on the spines, and it has a large lithographed map of China and ten letterpress folding tables.

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Honorary Degree Recipient

## CONGRATULATIONS

### Kamaljit S. Bawa

Internationally renowned evolutionary ecologist and plant population biologist Kamaljit Singh Bawa has made enduring contributions to public discourse on global conservation and sustainability.

Kamal Bawa is Distinguished Professor of Biology at the University of Massachusetts, Boston who has received the Chancellor's Award for distinction in scholarship as well as the Chancellor's Award for distinction in professional service. His discoveries of unusual breeding systems, novel pollination mechanisms and a diverse array of flowering patterns in tropical trees has illuminated our understanding of the ecology, evolution, conservation and sustainable use of tropical forests. His work on the development of DNA markers for the identification of tropical trees has redefined the field.

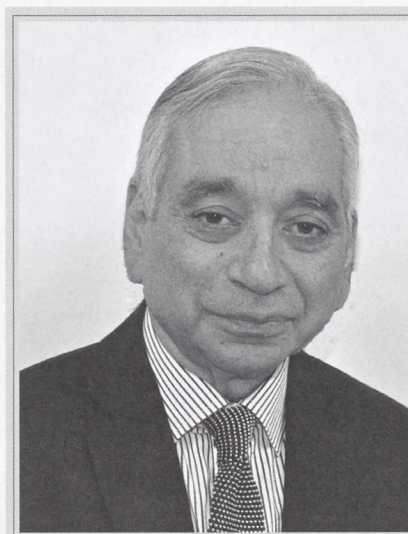

Dr. Bawa is also Founder-President of the Bangalore-based Ashoka Trust for Research in Ecology and the Environment (ATREE). ATREE has been ranked as Asia's #1 environmental think tank and has been ranked in the top 20 non-governmental organizations in the world. ATREE's biodiversity and conservation research successfully demonstrates how the integration of applied science, education and social action can influence public policy and community practice related to the sustainable development of natural resources.

An elected Fellow of the American Academy of Arts and Sciences and Royal Norwegian Society of Letters and Sciences, Dr. Bawa has received the Distinguished Service Award from the Society for Conservation Biology. He is a former President and now Honorary Fellow of the Association for Tropical Biology and Conservation. He has held a Giorgio Ruffolo Fellowship at Harvard University's Kennedy School of Government as well as Charles Bullard and Maria Moor Cabot Fellowships at Harvard. He was named a Guggenheim Fellow and a Pew Scholar in Conservation and the Environment. In 2012, he was also founding recipient of the prestigious Gunnerus Award in Sustainability Science.

Dr. Bawa has served on a wide range of advisory scientific panels for organizations including NatureServe, Conservation International, the DIVERSITAS Agro-biodiversity Group and the National Geographic Society's Committee for Research and Exploration. He has published more than 190 scientific papers and has authored or edited ten books and monographs. He serves on the editorial board of the *Journal of Sustainable Forestry* and as editor in chief of *Conservation and Society*. His second coffee-table book, *Himalaya: Mountains of Life* – a sequel to *Sahyadris: India's Western Ghats* – was published in January 2013.

His research in the eastern Himalayas is focused on documenting the impacts of climate change on biodiversity and agriculture at a regional scale and developing adaptive strategies that assign a central role to local knowledge. Using remote sensing technologies to monitor environmental changes in real time, students and community members trained under Dr. Bawa's supervision and mentorship gain a deep knowledge of the scientific foundations for conservation, while also developing a keen sense of environmental responsibility.

Convinced that science must improve its responsiveness to societal needs, Kamal Bawa continues to make outstanding contributions to our understanding of biodiversity and wide-scale global change.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Kamaljit S. Bawa:*

**Ginger Burrell. *The Bees Have Been Brought to Their Knees*. San Jose: Midnight Moon Press, 2008.**

Artist's books are commonly issued as limited editions, but this one is one-of-a-kind. It consists of two accordion-fold booklets printed on vellum and kozo paper handmade by the artist and three vials which contain pellets or images embedded in beeswax, all presented in a vintage USDA "Color Standards for Honey" measurement device. The artist is responding to serious agricultural and environmental concerns arising from recent widespread reports of significant, and unexplained, decreases in bee populations as a result of Colony Collapse Disorder (CCD).

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Marshals  
Chancellor  
Chair of the Board of Governors  
President and Vice-Chancellor  
Government Minister  
Vice-Presidents  
Honorary Graduated and Presenter  
Honorary Doctors of the University  
Alumni Association Officer  
Deans of the Faculties  
Registrar  
Assistant Registrar  
Members of the Judiciary  
Governors of the University  
Senators of the University  
Representatives of Governments  
Representatives of Postsecondary Institutions  
Faculty of the University

## **NATIONAL ANTHEM**

O Canada! Our home and native land!  
True patriot love in all thy sons command.  
*Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)*  
*Il sait porter la croix! (The True North strong and free)*  
*Ton histoire est une épopée (From far and wide, O Canada)*  
*Des plus brillants exploits. (We stand on guard for thee)*  
God keep our land glorious and free!  
O Canada! We stand on guard for thee.  
O Canada! We stand on guard for thee.

## **INVOCATION**

## **BOARD OF GOVERNORS GREETINGS**

Mr. Douglas O. Goss  
Board of Governors Representative

## **GOVERNMENT CONGRATULATIONS**

### **PRESIDENT'S ADDRESS**

Dr. Indira V. Samarasekera, O.C.

### **CONFERRING OF HONORARY DEGREE OF DOCTOR OF SCIENCE**

Dr. David William Schindler  
Presented by Dr. Jonathan Schaeffer  
Dean, Faculty of Science

### **CONVOCATION ADDRESS**

Dr. David William Schindler

### **SIGNING OF THE HONOUR ROLL**

### **CONFERRING OF DEGREES**

Chancellor Ralph B. Young  
(Follow along on Page 5)

### **THE PRESENTATION**

Professor J. Schaeffer, Dean  
Faculty of Science

### **THE PLEDGE**

President

### **THE ADMISSION**

Chancellor

### **PRESENTATION OF GRADUATES**

*The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.*

### **FACULTY OF SCIENCE**

Professor J. Schaeffer, Dean

Doctor of Philosophy

Master of Arts

Master of Science

Bachelor of Science

### **FACULTÉ SAINT-JEAN**

Professeur E. Blackburn, acting doyen

Maitrise en arts

Maitrise en sciences de l'éducation

Baccalauréat ès Arts avec spécialisation

Baccalauréat ès Arts

Baccalauréat ès Sciences

Baccalauréat en Education

### **CONFERRAL OF DEGREES IN ABSENTIA**

Professor J. Schaeffer, Dean  
Faculty of Science

## **CONGRATULATORY REMARKS**

Dr. Indira V. Samarasekera, O.C.

## **VIDEO MONTAGE**

Je te retrouve - I remember you

*Music and lyrics by France Levasseur-Ouimet*

## **ALUMNI ASSOCIATION INDUCTION**

Mr. Marty McKeever,

# Honorary Degree Recipient

## CONGRATULATIONS

### David William Schindler

University of Alberta Professor of Ecology (Emeritus) David Schindler is an internationally renowned biologist and one of Canada's leading environmental scientists.

Dr. Schindler received his doctorate at Oxford University, where he was a Rhodes Scholar. He began his career as an assistant professor at Trent University from 1966 to 1968. He then joined the Fisheries Research Board of Canada, founding and directing the internationally-renowned Experimental Lakes Area (ELA) in northwestern Ontario, where the impacts of pollutants can be studied in whole ecosystems. His work with eutrophication and acid rain has been the basis for environmental policy in Canada, the USA and Europe.

He left ELA in 1989 to take the University of Alberta's Killam Memorial Chair. As a teacher and mentor, he has encouraged a strong interdisciplinary approach, challenging students to consider the public good as well as the economic, philosophical, social and political aspect of environmental studies. He has served as President of the Association for the Sciences of Limnology and Oceanography, and as Canadian National Representative to the International Limnological Society. He is the author of over 320 scientific publications, which have been cited over 29,000 times.

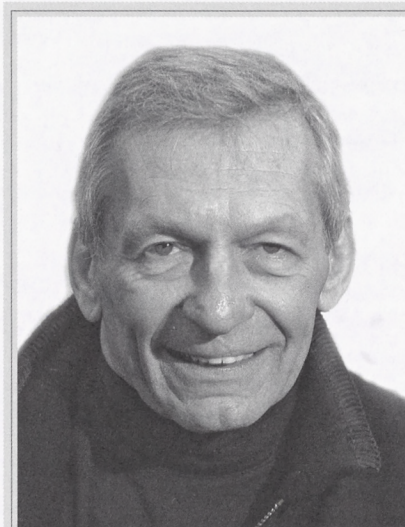

Dr. Schindler chaired the International Joint Commission's Expert Panel on Ecology and Biogeochemistry from 1975 to 1978 and the US National Academy of Sciences Committee on the Atmosphere and the Biosphere from 1979 to 1981. He served as a member of the review panel for the Alberta Pacific pulp mill, the Science Advisory Panel of the Northern River Basins Study, Environment Canada's Science and Technology Advisory Board and Alberta's Environmental Protection Commission. He was a member of the 2009 and 2012 Rosenberg Panels on NWT-Alberta water issues.

Dr. Schindler's international awards include the Hutchinson Medal of the Association for the Sciences of Limnology and Oceanography (ASLO), the Naumann-Thienemann Medal of the International Limnological Society, the first Stockholm Water Prize (2001), the Volvo Environment Prize (1998), the Tyler Prize for Environmental Achievement (2006) and the International Society of Conservation Biology's LaRoe Prize (2010).

In 2001 he received the Gerhard Herzberg Gold Medal for Science and Engineering, Canada's highest scientific honor. In May 2009, he received the Royal Canadian Institute's Sandford Fleming Medal for public communication of science. In May of 2011, he received the Canadian Society for Ecology and Evolution's President's Award. He has been named by Alberta Venture as one of the 50 most influential Albertans for three years, most recently in 2011. Trent University has recently named an endowed professorship in aquatic sciences after him.

Dr. Schindler is a Fellow of the Royal Society of Canada, the Royal Society of London, a member of the U. S. National Academy of Sciences, and a foreign fellow of the Royal Swedish Academy of Engineering Sciences. He is an Officer in the Order of Canada, a member of the Alberta Order of Excellence and a founding member of the International Water Academy.

Widely respected for the rigour of his research, David Schindler is one of the best-informed and strongest voices guiding science and public policy to address the pressing issue of Canada's water safety and sustainability.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. David William Schindler:*

**Richard Short. *Peri Psychroposias, of Drinking Water, Against our Novelists, that Prescribed it in England by Richard Short of Bury, Doctor of Physick.* London: John Crook, 1656.**

This is a first edition of an entertaining seventeenth-century polemic which disputes the then innovative idea that there are health benefits associated with drinking water. Given the danger of contaminated water, many experts at this time advocated the drinking of tea or coffee made with boiled water, but this doctor also disputes the use of "warm drink." Among other things, he argues that it is better to drink water in warm countries than in northern climes, and that there is "no necessity" of drinking water in England because, "God be thanked, we have plenty of rich Wine, gallant Beer, and nappy Ale" (39).

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Honorary Degree Recipient

## CONGRATULATIONS

### Elsie Rose Yanik

Deeply respected for her wisdom, compassion and leadership, Elder Elsie Rose Yanik is an influential advocate in the Wood Buffalo region for education, health care and the preservation of Aboriginal heritage and culture.

She was born in Fort Fitzgerald, northern Alberta in 1917. There were no roads in the region, and travel was by canoe, steamboat, dog team, and horse and flat sleigh depending on the season. Her parents Henry and Mary (Flett) Laroque were Metis. The Laroque farm is now the downtown core of Edmonton, and the Laroque lineage can be traced back to the Red River Settlement of early 1800s.

Elder Yanik last saw her mother in 1925 when older brothers took her mother to Edmonton for medical help. At age eight she was left to look after her younger siblings. As her father cooked on boats on the Mackenzie River, he was not able to look after his younger children. Elder Yanik and her younger brothers and sisters were sent to the residential school at Fort Resolution. She spent the next ten years at the school and her younger brother died there. Elder Yanik and her siblings did not have a home to go to for the summer. Once, when an older brother came to visit them, he was turned away. In 1935 at age 17, the nuns moved Elder Yanik to Fort Smith to work in the hospital.

Her married life with Lawrence Yanik began in 1938. She raised four girls on the trap lines near what is now the Thelon game sanctuary. In 1945 they moved back to Fort Fitzgerald to the Yanik family farm, where two more children were born. In 1961 the family moved to Fort Chipewyan over frozen rivers with a bombardier and flat sleigh. Elder Yanik found employment at the Holy Angels residential school hostel. Her empathy for the children there produced many enduring friendships. She was an active member of the Hamlet council, Catholic Women's League, Nunee Health Board, Native Women's Association, Youth Justice and Metis Associations.

In the years after her husband's death in 1987, Elder Yanik's involvement with the Mackenzie Dioceses of the Catholic Church expanded further as the first female Spiritual Advisor with authority to conduct religious services, baptisms, marriages and burials. She moved to Fort McMurray in 1999 and continued in the role of spiritual advisor until 2011. At age 94, she declared it was just too much travelling.

Today she continues to conduct opening and closing prayers at many local meetings and events. She continues her involvement in the Metis Local, Es'qua Society and many other volunteer activities in Fort McMurray.

A passionate voice for education and the importance of Aboriginal women in business, Elder Yanik was recognized as one of the 20 great influencers in *Your McMurray Magazine* this past year. She has received a Distinguished Citizen Award from Keyano College, a Wild Rose Foundation Volunteer of the Year award and four Regional Aboriginal Recognition Awards. She was also an inaugural recipient of the Girls Inc of Northern Alberta Women of Inspiration award in 2012.

Elder Yanik's endless energy and enduring commitment to healthy families and communities reveal a remarkable generosity of spirit.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Elder Elsie Rose Yanik:*

**Sarah B. Pohlman. *Everything and Everyone: In the End We All Are One*. Philadelphia: Sarah B. Pohlman and the National Museum of Women in the Arts, 2007.**

This award-winning artist's book pays homage to the interconnectedness of all things, an idea which is graphically represented with collages that depict archetypal experiences of the human condition: physicality, purpose, struggle, and love. The abstract pictures on the double-sided accordion structure are metaphors that convey what it means to be human. According to Pohlman, "It depicts a life journey through a vibrant, textural landscape of universality and focuses on the connections among all living beings." The interior pages of this beautiful limited edition copy are enhanced with fluorescent pigments to highlight the surreal images, making them appear especially bright and colourful. The book is elegantly bound with handmade papers.

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Honorary Degree Recipient

## CONGRATULATIONS

### Sandra B. Woitas

A long time educator and tireless advocate for the needs of Edmonton and Alberta's most disadvantaged children and families, Sandra Woitas has raised awareness across a broad band of our society about creating equity of opportunity for every child in school.

Ms. Woitas grew up in a small town in rural Alberta and earned Bachelor and Masters of Education degrees from the University of Alberta. A teacher and school principal for several years in Edmonton's inner city, she built communities of support for children who could not learn without adequate resources, sleep, proper nutrition and family stability. *The Partners for Kids* program now serves 3700 students.

As a former Director of the City Centre Education Project with Edmonton Public Schools from 2000 to 2004, Ms. Woitas worked collaboratively with seven inner city schools to ensure students had the resources and supports needed to realize their full potential. The City Centre Education Project was recognized by *Today's Parent* magazine as one of the Top Forty Schools in Canada and by the Association of Supervision and Curriculum Development for its collaborative practices. The project also received the Alberta Premier's Award for Excellence.

As part of the City of Edmonton's 100th birthday celebrations, Ms. Woitas was recognized as one of the 100 Edmontonians of the Century. She was featured as a Global Edmonton Woman of Vision in the late spring of 2006. In November that same year she received the Alberta Teacher Association Early Childhood Education Advocate of Young Children Award. In 2008 she received a University of Alberta Honorary Alumni Award.

On secondment to Alberta Education/Children and Youth Services from 2004 to 2009 as part of the cross ministry Family Violence and Anti-Bullying Initiative, Ms. Woitas travelled the province speaking with thousands of educators, parents, youth and community members on the issue of bullying, providing skills, resources and supports to reduce the frequency and severity of bullying. In collaboration with the Alberta Mental Health Board, she was the co-lead on assisting 18 school jurisdictions in piloting site-based, integrated mental health services for children and youth.

As a longtime volunteer, Ms. Woitas speaks upon request for the United Way on the effects of poverty and successful interventions. A former board member for Big Brothers Big Sisters, she has also served on the Edmonton Police Commission, the Edmonton Journal Community Advisory Board, the Capital Zone Health Advisory Council and the Great Kids Selection Committee with Alberta Human Services.

In September 2009, she returned to Edmonton Public Schools as the Executive Director of the Edmonton Public Schools Foundation. The role of the Foundation is to advocate for public education, build strong partnerships with community stakeholders and raise funds and in-kind resources to enhance teaching and learning in full day kindergarten classrooms.

A powerful catalyst for educational and societal change, Ms. Woitas remains firmly convinced that our society must reach out to marginalized young people through innovative collaboration.

Sandra Woitas is an inspiring example of the power of one individual to uplift some of the smallest, youngest and most vulnerable in our community.

*The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms. Sandra Woitas:*

**L.M. Montgomery, Marian Keith & M.B. McKinley. *Courageous Women: Inspiring Biographies of Girls Who Grew to Be Women of Courage and Achievement*. Toronto: McClelland & Stewart Limited, 1934.**

This important collection of human interest stories features 21 biographical profiles of women leaders "who have taken a prominent part in pioneer life, in mission work, in education, in literature, and in various spheres of public service." Readers will learn about the achievements of such notable figures as Joan of Arc, Florence Nightingale, Queen Victoria, Laura Secord, and Catherine Parr Traill. From the dust jacket blurb we learn that many of the biographies "appear now for the first time in book form", and Canadian readers will be especially pleased to see that 15 of the biographies are of Canadian women. This copy has the exceedingly scarce pictorial dust jacket in fine condition, and it is therefore an incredibly desirable first edition book, especially so for Lucy Maud Montgomery collectors.

# Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# Faculty of Extension

---

The Faculty of Extension delivers over 300 courses annually to 8,000 students; 17 percent of whom are international students. More than 300 experts teaching in the fields listed below bring real-world experience to our programs, which are designed based on the current research of our professoriate. This research, principally in the areas of communication, social sciences, linguistics, community development, and non-traditional learning, has established Extension as a leader in the Scholarship of Engagement (an academic domain that ties our historical mission with the vision for the future of the University of Alberta at large). Through our work in this domain, the University of Alberta has been chosen as the first non-American site of the prestigious annual conference of the Engagement Scholarship Consortium, October, 2014.

In the 21st century, our relationships and partnerships reach far beyond this campus and province to a much larger global “community of communities” that is becoming increasingly more diverse in their cultures, perspectives, needs, and issues. As the University pursues and advances the process of community-university engagement, Extension brings unique perspectives, ongoing expertise, and plays a special role informing and advancing that process through lifelong learning opportunities. With our downtown campus, we are participating in Edmonton’s transformation.

Congratulations to the Faculty of Extension’s graduates of 2014! Through your commitment to lifelong learning, you have made a positive impact in the communities where you work and live. As with every graduating class, today is a time to celebrate your achievements, recognize your “coaches” and supporters, and reflect upon the uplifting power of knowledge, citizenship and action in our increasingly complicated world.

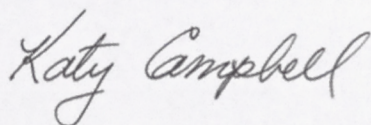

This year, there are over 850 graduates in the following Faculty of Extension programs:

*Aboriginal Health Citation*  
*Applied Geostatistics Citation*  
*Applied Land Use Planning Certificate*  
*Business Analysis Professional Citation*  
*Certificate in Adult and Continuing Education*  
*Certificate in Local Government in Municipal Administration*

Congratulations and best wishes!  
Katy Campbell, PhD  
Dean, Faculty of Extension

# Welcome to the Alumni Association

---

Congratulations!

Now that you have earned your University of Alberta degree, you are a member of the Alumni Association. This membership is your gateway to staying connected to the University and to building your network.

You are now one of the more than 275,000 U of A grads whose combined impact is astounding. Collectively, your fellow alumni have founded more than 70,000 organizations globally, and a third of those are non-profit organizations focused on social justice, environment and culture. Together, alumni have created more than 1.5 million jobs, employ one in five Albertans and generate annual revenues of \$348.5 billion.

Now that's something to be proud of.

Your membership in this alumni community starts now. Make the most of it by taking advantages of the exclusive opportunities available through your Alumni Association.

You can keep your student **ualberta.ca** email address and we will contact you there, but make sure we have your mailing address too so we can send you party invitations and New Trail magazine. Just email **alumnirec@ualberta.ca** or call the Office of Alumni Relations.

Here are some great ways to get started:

## Save Money

From discounts on the hottest Broadway shows to savings on insurance, your Alumni Association has you covered.

## Events

Alumni Association throws some pretty great parties and, as a grad, you are always the guest of honour.

## Networking & Mentorship

Join the alumni LinkedIn group, attend an event or get involved with an alumni chapter and cultivate connections that advance your career and dreams.

## News

Whether you prefer your university news in print or online, we'll keep you updated with New Trail magazine and alumni insider contests and perks. Or join the conversation at **twitter.com/UofA\_Alumni**.

## Volunteer Opportunities

As a U of A grad, you are probably a volunteer. That's just who you are. We'll help you find ways to continue the tradition of giving back by helping connect you with a cause you care about.

The easiest way to access these benefits is by visiting **ualberta.ca/alumni** to update your address and opt-in to receive alumni email.

## Office of Alumni Relations

Main Floor, Enterprise Square  
10230 Jasper Avenue  
Edmonton AB T5J 4P6  
**ualberta.ca/alumni**

## Convocant Grammar Primer

**Alumnus:** 1 male graduate

**Alumna:** 1 female graduate

**Alumnae:** 2 or more female graduates

**Alumni:** 2 or more male or mixed gender graduates

# Academic Dress

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

## Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

# Je te Retrouve - I Remember You

Music and lyrics by France Levasseur-Ouimet Ph.D. Translation by France Levasseur-Ouimet and Laurier Fagnan

*Bilingual version as it is actually sung (follow bold text)*

**French** (1st verse and refrain, bridge and last refrain)

1. **Quand je pense a d'ou je viens**  
**A cette route qui m'a conduit a qui je suis**  
**Quand je pense aux jours passes**  
**Ton nom me vient comme un**  
**refrain que j'aime chanter**  
**Quand je pense a tous ces gens**  
**qui ont laisse un coin d'ciel bleu**  
**au fond de moi**

## **Refrain**

**Je te retrouve, je te retrouve**  
**Tu es les reves que j'invente**  
**Tu es la musique que je chante**  
**Tu es la force qui me soutient**

**Je te retrouve, je te retrouve**  
**Tu es les mots que je compose**  
**Tu es les gestes que je pose**  
**Tu es la route qui m'a conduit**  
**d'hier a demain, d'hier a**  
**demain**

2. Quand je retourne chez moi  
Par habitude je refais tous les memes pas  
Quand je marche dans les rues  
J'entends des voix qui font echo au fond de moi  
Quand je pense a cette langue  
Qui me raconte, qui me recite et qui me dit

## **Refrain**

**Je te retrouve, je te retrouve**  
**Tu es les reves que j'invente**  
**Tu es la musique que je chante**  
**Tu es la force qui me soutient**

**Je te retrouve, je te retrouve**  
**Tu es les mots que je compose**  
**Tu es les gestes que je pose**  
**Tu es la route qui m'a conduit**  
**d'hier a demain, d'hier a demain**

## **Bridge**

**Tu es ma jeunesse**  
**Tu es mes racines**  
**Tu es mon histoire**

## **Dernier refrain (deuxieme partie seulement)**

**Je te retrouve, je te retrouve**  
**Tu es la source qui m'a nourri**  
**Tu es la main qui m'a petri**  
**Tu es la route qui m'a conduit**  
**d'hier a demain**  
**d'hier a demain**

1. When I think of where I come from  
Of the road that has led me to who I am  
When I think of days gone by  
Your name comes to me like a melody  
that I want to sing  
When I think of all the people  
Who have left a piece of blue sky deep  
inside of me.

## **Refrain**

**I remember you, I remember you**  
**You are the source of my dreams**  
**You are the music that I sing**  
**You are the strength that sustains me**  
**I remember you, I remember you**  
**You are the words that I compose**  
**You are the source of my every gesture**  
**You are the road that has lead me**  
**From yesterday to tomorrow**  
**From yesterday to tomorrow**

## **English** (verse 2 and 2nd refrain)

2. **You have made me who I am**  
**Empowered me to seek and learn and understand**  
**You have taught me how to dream**  
**To value hope, to search for truth and honesty**  
**Memories of youth and friends are like a song**  
**That warms my heart and never ends**

## **Refrain**

**I hear your name and I remember you**  
**And all the years that have gone by**  
**Cannot erase the sense of pride**  
**That lingers deep within my soul.**

**I hear your name and I remember you**  
**The words of those who showed the way**  
**Revealed the course we'd have to stay**  
**To build tomorrow from today**  
**And all our dreams will carry on**

## **Bridge**

**You are my youth**  
**You are my roots**  
**You are my history**

## **Last refrain**

**I remember you, I remember you**  
**You are the source that has nourished me**  
**You are the hand that has molded me**  
**You are the road that has led me**  
**From yesterday to tomorrow**  
**From yesterday to tomorrow**

If you can, please share this program with a companion. Then, if you do not take it home, please leave it (in good repair) on the table by the doors as you exit. This will help us ensure that someone else can use it on another day of Convocation, and subsequently conserve paper.

Thank you for your assistance.
